

Heat Sink Compound Printer - Manual

AMS-SP200HTC

The SP200HTC printer is packed with features normally available only on large production printers, helping you to achieve today's quality goals with the demanding needs of heat sink compound.

- Holders for PCB, flex or ceramic
- Specifically Modified Printer throat for HTC printing
- Squeegee guidance for precise printing
- Gas spring support for frame opening
- Welded, rigid steel construction
- Precise x/y/theta fine adjustment
- Versatile screen frame fixation
- Custom made tooling
- Pneumatic parallel separation
- Custom trolley cabinet

Technical Data

External Dimensions	L x W x H	750mm x 750mm x 1300mm
Weight		60Kg
Max Printing Area	L x W	400mm x 400mm
Min PCB size	L x W	Customer Specific
Max Tooling Size		Customer Specific
Max Throat depth		300mm (other available)
Air Supply		Mains air
Screen Size		23" x 23" (others available)
Max Squeegee Width		400mm
